

NewsLetter – August 2014

We have just finished installing our shooting simulator and are delighted with the result! A few of our members have already had a chance to test it out and they are unanimously thrilled and eager to use it more. We are working on learning to use the device and carrying out various tests so that it will be available in September. Keep an eye on our website for more information!

As a reminder, the restaurant is open Friday and Saturday nights. Visit our website to discover the menu!

For added comfort and easy trips between stations and shooting ranges, we've acquired a few electric golf carts this year that are available for rental. We are also now providing a number of carrying carts free of charge to allow you to transport guns, cartridges and other accessories — all to make your experience as enjoyable as possible!

Our 3rd shooting range is now open! Come try out the new challenge!
