

Newsletter December 2014

Winter is here ! The most common question we get is, "Can you go shooting in the winter?" The answer is, "Of course!" Thanks to our mobile pigeon throwers and our snow-cleared shooting ranges, there's nothing to stop you from practicing your favourite activity! As long as you dress warm, shooting in the winter is just as much fun as in the warmer seasons. Come out and see for yourself!

SHOOTING SIMULATOR If you'd rather stay inside where it's nice and warm, come enjoy some clay pigeon or pheasant shooting on our ST2 system, which allows you to analyze your performance and hone your technique. Our staff will be happy to assist you. Just for fun, try hunting bear, wild boar or moose while you're at it! We offer a wide range of activities. Whether alone or with family or friends, you're sure to enjoy this unique opportunity. To reserve your place, call the club at 450-247-2882 or 1-888-747-2882.

HOLIDAYS

*Please note that the club and restaurant will be closed from Monday, **December 22 to Thursday January 8** inclusive.*

We will be open on January 9, 10 and 11.

Our regular schedule (Wednesday to Sunday) will resume as of January 14.
