

CLUB DE LA ROUE DU ROY

THE CLUB DE LA ROUE DU ROY ACQUIRED BY THE CLUB DE TIR L'ACADIE

We are pleased to announce the acquisition of the Club de la Roue du Roy. Our two sites will allow us to offer a range of hunting activities and incomparable shooting. We look forward to introducing you to this beautiful 260 acre site with a choice of nature trails, a well-established tower and of course a variety of still hunting as well as the famous "Roue du Roy", a 5 star kennel and much more! Thank you to Gabriel Gagnon and his team for the tremendous work they have done in recent years. We can not ignore this vision and passion for shooting and hunting. We only have to think at all the new shooting facilities, the shooting simulator, the modernization of the buildings, everything has been done in the state of the art. This legacy is precious, and we sincerely believe that no one could have done better ... Thank you and you are welcome anytime.

Club de tir l'Acadie

The Club de tir l'Acadie's offer was the most interesting option for us because it assured us that the Club would keep its identity. The respect of Mr. Luc Ouimet and Mr. Robert Trahan for the Club, as well as their qualities as directors and managers, will ensure the continuity of the Club for the years to come. We also knew that it allowed the greatest number of shooters to continue practicing their favorite sport at one of Canada's finest shooting clubs.
